Company Background

VNT Holdings Sdn. Bhd. was established in 2008 as a wholly owned Malaysian private limited company. VNT is a reliable name in the business-consulting world. Our principal activities are inclusive of business process outsourcing, accounting, bookkeeping, corporate & Government training and business consultancy. Besides, we are also specialized in designing, implementing and monitoring standard operating procedures (SOP), business plan writing, application of Government incentives and proposals

The Company was initially started with 2(two) employees only. Currently VNT is housing for more than 25 team members including full timers and part timers. During its incorporation, VNT has engaged its office at Bandar Sri Ampang, Alor Setar, Kedah. However, since most of its clients are based in Klang valley, thus the Management has decided to shift its headquarters in Klang to cater for its Central and Southern Region's clients or those surrounding Klang valley. VNT's office premise is located at No. 25-A, First Floor, Lorong Sentosa 4, Taman Bayu Tinggi, 41200 Klang, Selangor Darul Ehsan

The Company's operation is divided into 3(three) main division. The primary division is Accounting, Training & Business Consultancy. The second division is Administration Finance which looks after the company's administrative and financial matters. VNT also has recently diversified its wings into trading and IT Division

OUR MISSION We are committed to provide exceptional services by delivering personalized, high-quality and cost efficient solutions to meet the needs of our clients to build a systematic business. Our ultimate aim is to establish and maintain a long-term relationship with every customers built on respect, confidence and mutual trust

OUR VISSION We strive to be a World Class Organization by providing expertise and leadership in our fields and delivering high quality, value-added services to our customers with courtesy and respect.

We grow by providing mentoring, encouragement and learning opportunities by communicating openly and by challenging ourselves to excel.

We reward and celebrate success

OUR CORPORATE MOTTO

"Make Your Business Systematic "

OUR CORPORATE LOGO

OUR PLEDGE At VNT, we realize the importance of integrity in conducting business, and as such put personal and corporate integrity above other concerns. The business is built on the foundation that :

- The trust that our clients place on us must never be misplaced
- We shall always provide the most truthful and accurate Information and assessment to our clients, partners or associates
- We shall never disclose any trade secrets, project scope of works, project results or any other sensitive information disclosed to us by our clients or partners
- We shall only be involved in businesses or projects that are not harmful to the environment, and responsibly conducted with regard to social, financial and environmental concerns
- Our business is to provide technical and business development services to our clients. We shall not engage in any manufacturing activities as we may directly compete with our clients

Accounting Outsourcing / Bookkeeping / Payrolls

Accounting Outsourcing / Bookkeeping / Payroll

Clients from many industries and territories have relied on VNT to prepare accounts, bookkeeping and payroll. We provide fulltime and part-time outsourced bookkeeper remotely and on-site according to client's demand. Our approach has helped enterprises to minimize its operational costs. VNT prides itself on having some of the experienced team. Most of our team members have previously held senior positions and handled extreme accounting problems. Besides, we are also proficient in working on all major accounting software such as MYOB, UBS, SQL, SUN, TALLY and so on. We are confident to provide our best possible service at an affordable fee

VNT has been providing top quality accounting services for small businesses. We know at first-hand what it takes to run a successful small business and understand that as a small business owner, the time, resources and energy must be optimally used in order to succeed. We also know it is crucial to ensure proper accounting practices for your particular business, regardless of what industry you are in or what size your business is. We are committed to make accounting for your small business hassle free and give you peace of mind knowing that you have an expert helping you each step of the way

We offer a full range of accounting services for small businesses and create custom accounting solutions for each business based on the specific accounting needs. We work to help you save time and money so you can spend more time working on the aspects of your business that really make it grow. Our services are not limited to but include payroll services, bookkeeping services, accounting software in-house training services, taxation services, auditing services, management advisory services and financial services. Whether you want us to help with some or all aspects of your business' accounting and taxation needs, we are here to help. Depending on your particular need, we work with you to make sure you are comfortable and understand what you will need in order to achieve your financial goals. We want you to be empowered by the service we provide and know you have a winning team on your side. We have a tremendous amount of experience coming up with solutions to solve problems for small businesses and are extremely confident we can help any client that requires our help

Business Taxation

**Corporate &
Legal Compliance**

Outsourcing**

**Financial
Operations**

Accounting Services

At one time or another, your business may be in need of financial management assistance. Our experienced accountants will help you meet your needs and keep your accounting functions flowing smoothly. We utilize innovative technology and our services are designed to be delivered at your location or remotely. Our outsourcing solutions are customizable to provide as much or as little assistance as you need, at any level you need, where you need it, for as long as you need it

Our accounting services are customized to your exact needs. We work hard to ensure that you get the type of service and quality accounting work that you deserve and expect. While we can provide any type of accounting service you require, the most common types of accounting services we provide are bookkeeping services and Management account's preparation. We also provide excellent small business accounting services as well as international accounting services for individuals or businesses with foreign accounts.

**WE CAN HELP YOU DO THE WORK YOURSELF, DO IT
FOR YOU, OR ANYTHING IN BETWEEN**

**You do the work with
your software on your
system**

**We do the work for
you yet you maintain
control with our 24/7
portal**

Bookkeeping Services

Proper bookkeeping is important for both individuals and businesses. Our professional bookkeeping services are meant to help you properly maintain your books and accounts to remain organized and avoid any problems with taxation or audits. We offer personal bookkeeping services for individuals who would like assistance in organizing and maintaining their books and accounts, as well as business bookkeeping services for businesses of all types.

1 Each month, you send us your paperwork in our pre-paid envelope

2 Our bookkeepers will organize, categorize, and reconcile all of your transactions every month

3 Our professional accountant partners will monitor and manage all of your accounts: payroll, GST, and your yearly tax return, and they'll provide you with advice and continual support. All for a flat monthly fee

4 You can now focus more time and energy on what you're really passionate about: your business

An HRDF Approved Training Provider

Corporate & Government Training

Our company offers a series of in-house training and public seminars and coaching services that support individuals and organizations in maintaining and increasing their entrepreneurship skills, focus and vision. When we are clear and focused, our personal and professional effectiveness increases. We are proud to announce that VNT is an Human Resource Development Fund (HRDF) Registered & Certified Training Provider

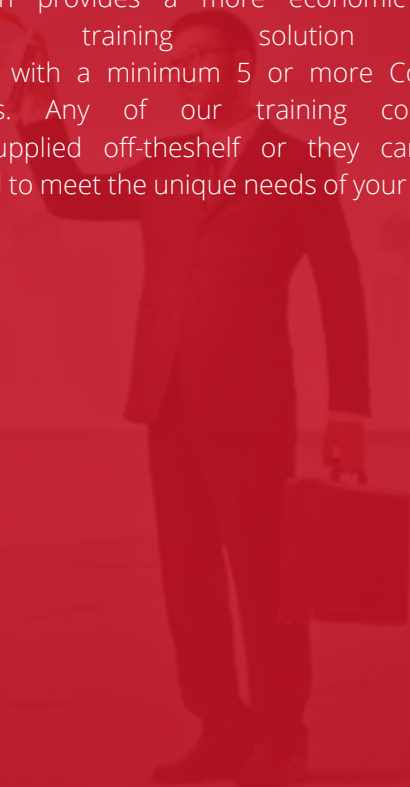

Most individuals who contribute to the success of their chosen field are talented, skilled and devoted. Chances are they're walking a tightrope, struggling to find their balance. Our in-house programs can be scheduled as needed, designed to meet your specific objectives, and we are available to work with your time parameters.

Training Delivery

We currently offer various trainings and professional courses covering corporate and entrepreneurial development programs. We believe that the end result of any training or learning intervention should show a significant return on investment, whether it is increased performance, profitability or efficiencies. But no matter what option you choose, you will receive excellent customer service but more importantly you will receive the most in-depth and practical training available anywhere in Malaysia

In-house Training

This option provides a more economic and convenient training solution for companies with a minimum 5 or more Course Participants. Any of our training courses can be supplied off-the-shelf or they can be customized to meet the unique needs of your team

A) TRAINING DIRECTORY-MANAGEMENT & BUSINESS STRATEGY FOR LEADERS

Designed specially to CEO, Directors, Departmental Heads

- Strategic Execution
- Change Management
- Success Planning & Development Talent as Business Entrepreneurs & Leaders
- Effective Project Management
- Leadership for high performance
- Business Strategy Workshop for Senior Management
- Transformational Leadership during challenging times
- 7 Leadership Skills for effective Managers

SELLING COMMUNICATION

- Relationship Selling & Attitude
- Handling Difficult Customers
- Creative Marketing Strategies
- Problem Solving & Decision making
- Customer Relationship Management
- Handling Complaints and Services Recovery
- Power Negotiation
- Creative Thinking and Problem Solving
- Branding & Product Management
- Fundamentals of Marketing & Marketing Strategy

EXPERIENTIAL TEAMBUILDING

- Management Retreats
- Team Building Course
- Strategic Wargame
- Leading Change
- Conflict Management

COMMUNICATION & WRITING

Effective Business Writing & Communication programs for Busy Managers based on your specific needs

- Advanced Business Writing & Presentation Skills
- Better Grammar for Letter Writing & Communication
- Train the Trainer

FINANCE

- Debt Recovery
- Financial Analysis & Financial Modelling
- Legal Document & Contract Law
- Finance for Non Finance Managers
- Corporate Planning & Corporate Financial Skill

B) TRAINING DIRECTORY - EXECUTIVES & ADMINISTRATORS

HUMAN RESOURCES CONSULTATION

We offer consultation to EMPLOYER'S OBLIGATIONS under Employment Act 1955 & Industrial Relations Act, 1967, etc. We can further assist you in conducting and determining possible recommendations on what your IMMEDIATE ACTIONS to be taken and your future compliance and obligations in accordance with the relevant laws.

- Effective Human Resources Management
- Aligning People, Processes & Technology
- Recruiting, Training, Developing & Retaining Talents
- Performance Appraisal & Key Performance Indicators
- Developing Graduates as Business Leaders & Entrepreneurs
- Effective Coaching, Counselling and Mentoring for Success
- Identifying Operational Training Needs Analysis
- How to carry out disciplinary action, Domestic inquiry and handling misconduct
- Designing, appraising and managing Employee Performance Excellence
- Preventing & Eradicating Sexual Harassment in Workplace
- Measure Return on Investment (ROI) in Training
- The many roles of an effective HR Assistant
- SOCSO ACT 1969, EPF Rules & Income Tax
- Law on termination of Employment
- Advanced Payroll Administration
- HRM For Non HR Managers
- Labour Auditing

LANGUAGE & WRITING

Effective Business Writing & Communication programs for Busy Managers and Executives based on your specific needs

- English for Frontliners
- Technical Report Writing
- Improving Grammar and Spoken English
- Effective Business Writing for Workplace
- English for presentation / Speak with confidence
- Business Plan & Proposal Writing Workshop
- Communication
- Hypnotic Writing for Sales & Advertising
- Creative Media & PR Writing
- Telephone Courtesy and Telemarketing
- Corporate Grooming, Etiquette & Fine Dining

MOTIVATION & TEAMBUILDING

- Positive Mental Attitude at Workplace
- Increasing Productivity & Efficiency Through Time Management
- Better Teamwork and communication at Work

C) TRAINING DIRECTORY – SUPERVISORS & CLERKS

- Supervisory Skills
- Supervisory Development Skills
- Time Management
- How to be an Effective Supervisor
- Supervisors & Clerical Skills for Managers, Administrative Staff
- Clerical Development Program
- Excellent Office Management
- Success Skills for Secretaries & Admin Personnel
- Handling Multitask for Personal Assistants
- Effective Record Keeping & Filing Systems
- Customer Services
- The x-factor in delighting customers
- Amazing customers excellence
- 10 Highly Effective Service Principles
- The Art of Listening & Telephone Skills
- Telephone Etiquette & Telemarketing

D) TRAINING DIRECTORY - HOSPITALITY TRAINING COURSES FOR SENIOR MANAGERS & MANAGERS

SALES

- Upselling & Communication Skills for Frontliners
- Building a Super Sales Team
- Winning Customers thru negotiation, Suggestive Selling & Closing Sales

CUSTOMER RELATIONSHIP & SERVICES MANAGEMENT

- Customer Retention
- Service Skills for Room Division
- Complaints & Service Recovery for Hoteliers
- Turning Complaints to Business Opportunities
- World Class Customer Service - Front Office, Reservation
- Mastering Telemarketing for Reservation

TRAIN THE TRAINERS & TEAMBUILDING

SAFETY & HEALTH

- First Aid & CPR For Hospitality
- Complete Occupational Safety Program
- Safety Committee Implementation
- HIRACR —Hazard Indentification, Risk Assessment & Risk Control
- Fire Fighting Program

E) TRAINING DIRECTORY – ENGINEERING & TECHNICAL TRAININGS

ELECTRICAL / ELECTRONICS ENGINEERING PROGRAMS

- Electrical Engineering for Non Electrical Engineers
- Programmable Logic Controller (Basic/ Intermediate/ Advance)
- Industrial Hydraulics – Systems, Operation & Maintenance (Basic/Intermediate/Advance)
- Industrial Pneumatics – Systems, Operation & Maintenance (Basic/Intermediate/Advance)
- Industrial Electro - Pneumatics –Systems, Operation & Maintenance (Basic/Intermediate/ Advance)
- Fundamentals of AC Motors
- Fundamentals of Sensors
- Fundamentals of Control Components
- Basic Electricity
- Practical Industrial Automation
- Electronics Troubleshooting Problem Identification & Repair
- Practical Printer Troubleshooting and Repair
- Practical Monitor Troubleshooting and Repair
- Refurbishing Fly back Transformer Course
- LCD Monitor Troubleshooting and Repairing
- SCADA and Industrial Applications
- Electric Motors and Drives Systems
- Power Electronics & Its Industrial Applications
- Building Automation System & Digital Direct Controllers (DDC)

ASSET MANAGEMENT/FACILITIES/MAINTENANCE PROGRAMS

- Maintenance Management
- Predictive & Preventive Maintenance
- Basic Maintenance for Technicians
- Overall Equipment Efficiency (OEE)
- Total Productive Maintenance (TPM)
- Planned Maintenance –TPM Pillar
- Autonomous Maintenance –TPM Pillar
- Root Cause Failure Analysis
- Failure Modes Effects Analysis (FMEA)
- Reliability Centered Maintenance
- Technical Troubleshooting & Decision Making (Maintenance Aspect)
- Mckinsey's 7s Model for Maintenance Leaders
- Cost Reduction Technique for Maintenance
- Maximum Equipment Efficiency through Proactive Maintenance
- Computerized Maintenance Management System (CMMS)
- Strategic Maintenance Management
- Asset Management Fundamentals
- Lubrication Practice
- Effective Management of Shutdowns and Turnarounds
- Lean Maintenance Planning and Scheduling
- DMAIC for Maintenance Leaders
- Total Productive Maintenance (TPM)
- 30) Plant Troubleshooting - Techniques for Plant Personnel
- Machinery Condition Monitoring - Achieving World Class Asset Management
- Machinery Alignment - What all Maintenance Personnel Should Know
- Corrosion - Designing for Corrosion, A Maintenance Perspective (Medium to High

ELECTRICAL ENGINEERING PROGRAMS

- Malaysia Electrical Supply Industry & Basic System Operations
- High Voltage Substations - Design, Build, Test, Operation & Maintain Considerations
- High Voltage Power Transformers
- High Voltage Direct Current (HVDC) Transmission
- Contract Management & Technical Compliances for Power System Projects
- SF6 Gas Management
- Medium to High Voltage Power Cables
- Critical Factors in Substation Design
- A Practical Approach to Power Generation
- Industrial Power Systems with an Energy Conservation Perspective
- Primary Design Factors Influencing Substation Performance
- Integration & Applications of Electrical Engineering to Transformers; Switchgear & Motors
- A Practical Approach to Electromagnetic Compatibility (EMC)
- Microwave Transmission
- Lightning Protection, Surge Protection, Grounding & Bonding
- A Practical Approach & Applications for Power Quality
- Advanced High Voltage Substation Design
- Electrical Safety for Non Electrical Safety Engineers
- Switchgear - Operation, Management, Maintenance, Troubleshooting & Testing, Safety
- Inspection, Testing and Commissioning for Commercial and Industrial Power Systems
- Critical Factors in Substation Design
- Condition Based Maintenance for Switchgear

ENGINEERING & TECHNICAL TRAINING

- Malaysia Electrical Supply Industry & Basic System Operations
- High Voltage Substations - Design, Build, Test, Operation & Maintain Considerations
- High Voltage Power Transformers
- High Voltage Direct Current (HVDC) Transmission

QUALITY ENGINEERING PROGRAMS

- Quality Camp - Key 6 Sigma Tools for Continuous Improvement
- Six Sigma Methodology - A Statistical Approach for Improving Competitiveness
- Value Stream Mapping & Process Improvement
- TQM for Manufacturing
- Vital Coaching & Motivating Skills Improvement Program Through Training – Within - Industry (TWI)
- Effective 5S Implementation - The Backbone to Lean Manufacturing
- Acceptance Sampling
- Geometry Dimensioning & Tolerance
- Cost of Quality
- Design of Experiment
- Monitoring the QC of concrete
- Quality Function Deployment (QFD)
- Quality Management Representative Course
- Zero PPM Defect Application
- 5W 1H of Six Sigma

MECHANICAL ENGINEERING PROGRAMS

- A Practical Approach to Boiler Plant -Operation, Maintenance & Management
- A Practical Approach to Steam Turbine – Operation, Maintenance & Inspection
- Steam Plant –Boiler & Steam Turbine (JKKP/ DOSH Exam Preparation)
- A Practical Approach to Welding Engineering
- Fundamentals of Mechanical Engineering
- Lift & Elevator –System, Design, Build, Operation & Maintenance Considerations
- Structured Approach for Rapid Product Development
- Design for Manufacturability & Assemblability
- Design for Experiment
- Air Conditioning Systems for Non Air Conditioning Engineers
- Practical Air Conditioning Systems -Towards Maximum Efficient Operation; Maintenance & Troubleshooting
- Efficient Operation & Cost Saving Strategies for the District Cooling User Buildings
- Acoustics and Noise Control for Air Conditioning Systems
- Polymers: Properties, Processes, Applications & Designs
- A Practical Approach to Rotating Equipment Operation, Maintenance, Inspection & Management
- Practical Bearing Technology
- Threaded Fasteners -Selection & Installation Perspective
- Valve Technology - Successful Operation & Maintenance
- Thermal Insulation - Selection, Installation & Maintenance
- Steam Turbines - Design, Operation & Maintenance
- Steam Traps - Successful Operation & Maintenance
- Steam System Performance - Operation & Maintenance Strategies
- Practical Pumps - Successful Operation & Maintenance
- Practical Piping Technology - Understanding the Conduits of Plant
- Maintaining Heat Exchangers for Performance
- Lubrication-Selection, Operation & Maintenance
- Compressed Air System - A Guide to Improving System Performance
- Air Compressors - Operation & Maintenance

SAFETY ENGINEERING PROGRAMS

- Occupational First Aid & CPR (OSH Practitioners/ Professionals/Trainer Certification)
- Professional Rescuer CPR
- Basic Fire Fighting
- Emergency Response Plan / Team
- Understand OSHA 1994 Its Regulations
- Developing Effective Safety & Health Committee
- Identification, Evaluation & Control of Hazards
- Safety & Health Awareness Program
- Electrical Safety for Non Electrical Engineers
- Electrical Safety at the Workplace
- Fire Protection Engineering – Design, Installation, Testing and Commissioning and Operations
- 6S Towards Safety and Health
- Manual Handling
- OSH Management and The Role of Safety Committee
- Workplace Safety Awareness (OSHA)
- Fire Safety Awareness
- Plans & The Role of Emergency Response Team During Evacuation
- Effective Workplace Security
- Property Security Reinforcement
- Effective Security & Loss Prevention Management in the New Millennium

ASSEMBLY ENGINEERING

- Trim and Form Technology
- Transfer Molding Technology
- Trim and Form Tooling Preventive Maintenance
- Transfer Molding Tooling Preventive Maintenance
- Lead Free (Pb Free) and RoHS segregation program for Semiconductor Industry
- EPP (Environmentally Preferred Products) and deployment in Semiconductor plant
- Tool steel and Carbide materials for tooling improvement fundamentals
- Project Management and focused improvement
- DMAIC, a six sigma problem solving tool and methodology
- 8D (Disciplines) for problem solving methodology to achieve Total Customer Satisfaction (1 Day)

ENGINEERING PROGRAMS (OIL & GAS; AGRICULTURE; INSTRUMENTATION ETC)

- Palm Oil Processing, Maintenance & Quality Control for Better OER & KER
- A Systematic and Practical Approach to Natural Rubber
- A Practical Approach to Process Instrumentation
- A Practical Approach to Corrosion & Prevention
- Thermograph and Partial Discharge
- Corrosion Control by Cathodic Protection
- A Practical Approach to Measurement and Calibration
- Measurement and Uncertainty
- Technical Problem Solving and Decision Making
- Energy Efficiency & Cost Saving Strategies for Buildings
- Critical Environment Management
- Design Blueprint for Data Centers or Mission Critical Facilities
- Efficient Cooling Design for Sensitive Electronic Equipment
- Energy Efficient Data Center -Design & Implementation
- WIMAX Overview and Fundamentals
- Level Measurement
- Electrical Equipment for Hazardous Equipment
- A Practical Approach to RFID and its industrial application
- Control Valve Operation and Maintenance

PROJECT MANAGEMENT PROGRAMS

- Fundamentals of Project Management
- Project Management for Engineers / Technical Personnel
- IT Project Management
- Construction Project Management
- Project Risk Management
- Ms Project 2003/2007 (Basic / Intermediate / Advance)
- Quality Project Management
- Applied Project Management (with Case Studies)
- Project Communication & Leadership Skills
- Processing and Quality Control

HEAVY EQUIPMENT

- Forklift Driving & Maintenance Techniques
- Analytical Trouble Shooting Process
- Programmable Logic Controller (PLC) Operation & Programming
- Engine Maintenance & Management for Engineers and Managers
- Marine Engine Installation & Guide Quality Tools

QUALITY TOOLS

- Quality Function Deployment
- Failure Mode & Effect Analysis
- Statistical Process Control
- Measurement System Analysis
- Lean Manufacturing Application in QMS
- Monitoring the QC of Concrete
- Total Preventive Maintenance
- Design of Experiment

OPERATION & MAINTENANCE

- Basic Pneumatics Operation System
- Centrifugal Pump / Lubrication / Preventive Maintenance
- Codes for Pipes & Piping System
- Gas Turbine Maintenance & Operations
- Lubrication Operation System
- Machine Tools and Workshop Practices
- Steam Boiler Operation & Maintenance
- The Effective Maintenance of Air Compressor
- The Effective Boilerman Workshop
- ISO 14001 Environment QMS
- SA 8000 Social Accountability Management System
- ISO 13485 Medical DE
- Vices Directive
- ISO 22000 Food Safety Management System / HACCP / GMP / GLP

Training Portfolio

The image is a composite. The left half features a solid red background with a faint, semi-transparent image of a woman in a business suit. The right half shows a blurred office scene with several people in business attire. In the foreground, the back of a man's head and shoulders are visible. Behind him, a woman with dark hair is seated. Further back, a man is seated with his hand raised, as if participating in a meeting or presentation. The background is out of focus, showing office partitions and a bright light source.

Business Consultancy Services

CONSULTING SERVICES

Our management services focus on our clients' most critical issues and opportunities: strategy, marketing, organization, operations, technology, transformation, digital, advanced analytics, mergers & acquisitions and sustainability across all industries and geographics. We bring deep, functional expertise, but are known for our holistic perspective. We capture value across boundaries and between the silos of any organization. We have proven a multiplier effect from optimizing the sum of parts, not just the individual pieces.

STRATEGY

Tailored solutions that deliver results and achieve sustained growth

PRIVATE EQUITY

Advising investors across the entire investment life cycle

ORGANIZATION

Ensuring the entire organization is aligned and set up to successfully deliver on the company's objectives

DIGITAL

Deliver on core strategy, delight customers and operate smarter and faster

SUSTAINABILITY

Identifying opportunities and developing business cases to make sustainability a source of on-going value

RESULT DELIVERY

Predicting, measuring and managing risk associated with change management

PERFORMANCE IMPROVEMENT

Enabling companies to grow revenue, improve margins and reposition quickly

ADVANCED ANALYTICS

Strategy experience and analytical expertise combine to enable decision making and create value

INFORMATION TECHNOLOGY

Realize the potential of IT resources, investments and assets

FULL POTENTIAL TRANSFORMATION

A cross-functional effort to alter the financial, operational and strategic trajectory of a business

MERGERS & ACQUISITIONS

An integrated approach linking acquisition strategy, due diligence and merger integration

CUSTOMER STRATEGY & MARKETING

In-depth customer insights combined with economic and operational fundamentals

Certificates & License
